The following resolution of the Government of India is republished :—

RAILWAY DEPARTMENT.

RAILWAY BOARD.

Simla, the 8th July 1920.

No. 351-F.-19.— The rise in the rates of interest which the Government of India have had to pay on the money which they borrow in the open market, has led them to take into consideration the question whether the rate of interest on compulsory deposits and bonus in the Railway Provident Funds should not also be increased.

2. They have now been authorized by His Majesty's Secretary of State for India to announce that interest will be allowed at 5½ per cent on all compulsory deposits and bonus, both past and future, in respect of the State Railway Provident Fund and of the Provident Funds of the Assam Bengal, Bombay Baroda and Central India, Great Indian Peninsula, Burma, East Indian and Madras and Southern Mahratta Railways whose provident fund securities have been taken over by Government.

3. The increased rate will be allowed with effect from 1st April 1919, and will be applicable to the accounts of members who have retired since that date. It will not, however, be fixed for any definite period but will be subject to reconsideration, should the rates at which the Government of India borrow undergo modification, six months' notice will, however, be given to subscribers before any alteration is made.

Secretary to Government, P.W.D. (Railways).

The Standard Barometer and Thermometers are read at 8 a.m., 10 a.m., 4 p.m. and 6 p.m., and the daily means are obtained by the application of hourly corrections, deduced from twenty years' observations. The cistern of the barometer is twenty-two feet above the level of the sea, and the receiver of the rain-gauge is two feet from the ground. The wind, rain and general weather registered are for the current civil day—from midnight to midnight.

The total quantity of rain collected since 1st January is 11·87 inches, the average due for the same period being 16·61 inches.

Bill to be introduced into the Council of the Governor of Fort St. George for the purpose of making Laws and Regulations.

Under rule 33 of the rules for the conduct of business at meetings of the Council the following Bill together with the statement of Objects and Reasons, is published for general information:—

BILL No. 13 OF 1920.

The Madras District Municipalities Act (Amendment) Bill, 1920.

WHEREAS it is expedient to amend the Madras District Municipalities Act, 1920. It is hereby enacted as follows:—

1. The following shall be deemed to have been inserted after section 367 of the Madras District Municipalities Act, 1920:—

"368. Notwithstanding anything contained in section 7, when a municipality is constituted under this Act for the first

time, all the municipal councillors may, for a period not exceeding eighteen months from the date of publication of the notification under sub-section (3) of section 4, be appointed by the Local Government."

STATEMENT OF OBJECTS AND REASONS.

The proviso to section 10 of the Madras District Municipalities Act, 1884, permitting the appointment by the Government of the whole strength of a municipal council for a period not exceeding three years after the first constitution of a municipality has been omitted from the Madras District Municipalities Act, 1920. Under section 7 (2) of the latter, at least three-fourths of the total number of councillors in any municipality have to be elected. An election cannot take place without an electoral roll, and it is impossible to make up an electoral roll at the time of first constitution of a municipality when both the chairman—who under section 41 has to prepare the roll—and the necessary qualification for registration in the roll—namely the payment in the preceding year of one or other of the taxes mentioned in section 46—are both non-existent. It is therefore necessary to create the first set of councillors by appointment but there is no need to give them a longer term than is necessary to get electoral rolls ready under the provisions of the Act. It is therefore proposed to fix a maximum term of eighteen months in their case.

P. RAJAGOPALACHARI.

Minute of Dissent to the Report of the Select Committee on the Madras Local Boards Bill, 1920.

Section 12 (1).—The president of the district board should ordinarily be elected by the members of the board. The Government may reserve the right of appointment to be exercised only in very exceptional cases.

The section as accepted by the committee leaves it absolutely to the choice of the Government either to appoint the president themselves or by a notification to vest the right of election in the members. The provision is not in keeping with the advance of the times. It also ignores the promise contained in the Montford report that full measure of autonomy will be introduced in the sphere of Local Self-Government.

Section 47 (1).—The election should be directly by the taxpayers and other inhabitants of the district. The provision vesting in the taluk boards the right of electing the members of the district board is very unsatisfactory as it perpetuates the system of indirect election which is condemned in the Montford report. It does not help to bring people into direct touch with the administration of the district. It therefore defeats the object of responsible government.

Section 37 (1).—This clause ought to be deleted as also the words "or the district collector" in clause (2) of the same section. The section as it stands indicates a degree of distrust in the non-official presidents and reduces them to a position of subordination to the district collector who has himself just vacated his office as the president. Such a provision is not conducive to the free growth of responsible government. The control required in special cases may be provided for by special authorization of the collector or other officer by the Government to exercise any of the powers of supervision referred to in the section.

SCHEDULE V.

Rule 4, *sub-rule* (2) should be deleted.

Preparation and presentation of addresses to distinguished visitors is none of the legitimate functions of a local board and the costs for the same should not therefore be defrayed out of its funds.

(2) Where a piece of land already built upon, or a piece of land not likely to be used for building purposes, is so situated with respect to any land which is in course of development or likely to be used for building purposes that the general object of the scheme will be better secured by its inclusion in any town-planning scheme intended to be made with respect to the last-mentioned land, the Local Government may sanction the inclusion of such piece of land.

5. (1) In the scheme, the size and shape of every reconstituted plot shall be so determined as to render it, so far as may be, suitable for building purposes.

(2) In order to render original plots more suitable for building purposes, the scheme may contain proposals—

(*a*) to form a reconstituted plot by the alteration of the boundaries of an original plot;

(*b*) to provide, with the consent of the owners, that two or more original plots, each of which is held in ownership in severalty or in joint ownership, shall thereafter, with or without alteration of boundaries, be held in ownership in common as a reconstituted plot;

(*c*) to allot a plot to any owner dispossessed of land in furtherance of the scheme; and

(*d*) to transfer the ownership of a plot from one person to another.

Application of certain provisions of town improvement schemes.

6. (1) Whenever a municipal council proposes to undertake, in virtue of its powers under the Madras City Municipal Act, 1919, or the Madras District Municipalities Act, 1920, as the case may be, a scheme of town improvement in any area within the municipality which is already built upon, the Local Government may, if they are of opinion that such improvement scheme will specially benefit the owners of buildings and land in such area, by notification in the *Fort St. George Gazette*, apply to such area with necessary modifications sections 23 to 28, and Chapters V and VII of this Act for the purposes of such improvement scheme.

In applying to such area the provisions of sections 28 and 35, the date of the notification under this sub-section shall be substituted for the dates referred to in section 23 and in clause (*a*) of sub-section (2) and clauses (*d*) and (*f*) of sub-section (3) of section 35.

(2) The Local Government shall, before issuing a notification under sub-section (1), give the owners of buildings and lands in the area affected an opportunity of showing cause why such notification should not be issued.

(4) A scheme of town improvement means, for the purposes of this section, a scheme providing for the improvement of a municipality by opening up congested areas, demolishing obstructive buildings, laying out or altering streets, providing open spaces for ventilation or recreation, and acquiring land for the said objects and for the rehousing of persons of the poorer and working classes displaced by the execution of the scheme.

CHAPTER III.

MAKING, VARIATION AND REVOCATION OF SCHEMES AND THEIR EFFECT.

Appointment of Director of Town-Planning.

7. (1) The Local Government may appoint a person to be Director of Town-Planning for the province and may assign to him from time to time such salary and establishment as they think fit.

(2) The cost of such officer and his establishment shall be paid out of the revenues of the Local Government.

(3) Municipal councils shall consult the Director on such matters relating to town-planning, and in such manner, as may be prescribed. If any difference arises between the Director and a council on any matter so prescribed, it shall be referred to the Local Government whose decision shall be final.

Obligation on certain councils to make schemes within five years.

8. The council of every municipality containing, on the first day of January 1922, a population, according to the last preceding census, of not less than forty thousand shall, not later than five years after that date, prepare, print and submit to the Local Government, for their sanction, a scheme or schemes as respects all land within the municipality or in its vicinity in respect of which a town-planning scheme may be made under this Act.

Declaration of intention to make or adopt scheme.

9. (1) Every municipal council which intends to make a town-planning scheme, in respect of any land within the municipal area or in its vicinity outside such area, or to adopt, with or without modifications, a draft scheme proposed by all or any of the owners of any such land shall, by resolution, declare its intention. The chairman shall then have a plan prepared showing the area proposed to be included in the scheme, the surrounding lands and any existing streets.

(2) No town-planning scheme made or adopted by a municipal council shall include any area outside its limits without the concurrence of the municipal council or of the district board, as the case may be, having jurisdiction over such area;

Provided that, where such concurrence is refused, the Local Government may, after considering the objections of such council or district board, overrule them, and permit such area to be included in the scheme.

(3) The decision of the Local Government as to whether any land is in the vicinity of a municipal area shall be final.

Resolution to make or adopt scheme.

10. (1) The resolution under section 9 shall be published by notification in the prescribed manner by the chairman; and such notification shall state that a copy of the plan is kept for the inspection of the public at all reasonable hours at the municipal office.

(2) If within sixty days from the date of such publication any person likely to be affected by such scheme communicates in writing any objection or suggestion relating thereto the municipal council shall consider such objection or suggestion.

(3) The municipal council may then finally resolve upon making or adopting the scheme with or without modifications, and the chairman shall publish the resolution by notification in the prescribed manner.

Publication of draft scheme.

11. (1) If the resolution is to make a scheme, the municipal council shall, within twelve months from the date of the notification under section 10, sub-section (3), or within such further period, not exceeding twelve months, as the Local Government may allow, and after consulting, in the prescribed manner, the owners of lands and buildings in the area affected, prepare, print and publish a draft scheme.

(2) If the resolution is to adopt a draft scheme proposed by owners, the council shall, without delay, print and publish such scheme.

Power of Local Government to require council to make scheme.

12. Notwithstanding anything contained in sections 8 to 11, the Local Government may, in respect of any municipality, after making such inquiry as they may deem necessary, by notification in the *Fort St. George Gazette*, require the council, before a fixed date, to prepare, print and submit for their sanction a scheme as respects any land in regard to which a town-planning scheme may be made.

Contents of draft scheme.

13. Every draft scheme shall contain the following particulars :—

(*a*) a plan showing the lines of existing and proposed streets ;

(*b*) the ownership of all lands and buildings in the area to which the scheme relates ;

(*c*) the area of all such lands whether public or private ;

(*d*) the land allotted or reserved under section 4, clause (*k*), with a general indication of the uses to which such land is to be put ;

(*e*) the extent to which it is proposed to redistribute boundaries and reconstitute plots ;

(*f*) an estimate of the net cost of the scheme ;

(*g*) draft regulations and details of the scheme under the clauses of section 4 which it is proposed to apply ; and

(*h*) any other particulars or plans that may be prescribed or specially required by the Local Government.

Sanctioning of scheme by Local Government.

14. (1) If within sixty days from the date of the publication of a draft scheme any person affected by such scheme communicates in writing any objection or suggestion relating thereto, the council shall consider such objection or suggestion and may modify the scheme as it thinks fit.

(2) The scheme as passed or adopted by the council together with all written objections and suggestions shall thereupon be submitted to the Local Government for sanction.

(3) The Local Government may, after considering the objections and suggestions, if any, and making such inquiry as they think fit, sanction or disallow the scheme or refuse to sanction the scheme except with such modifications and subject to such conditions as they may think fit to impose.

(4) The sanction of the Local Government to a scheme under sub-section (3) shall be published by notification in the *Fort St. George Gazette*, and such notification shall state at what place and time the scheme will be open to the inspection of the public.

(5) A scheme when sanctioned by the Local Government shall, from the date of the notification under sub-section (4), have effect as if it were enacted in this Act.

Variation or revocation of schemes.

15. (1) A town-planning scheme may at any time be varied or revoked by a subsequent scheme prepared, printed, published, and sanctioned in accordance with this Act :

Provided that the municipal council shall be competent to modify a scheme after it has been sanctioned by the Local Government under section 14 by an agreement entered into with the persons interested in the scheme and with the concurrence of the Local Government.

(2) The Local Government on the application of the council or of any person appearing to them to be interested may, at any time, by notification in the *Fort St.*

George Gazette, revoke a scheme if they think fit to do so, provided that the Local Government shall give the council and such persons as may appear to be interested a reasonable opportunity of stating their views on any such application.

Limitation of compensation payable to person affected by variation or revocation of scheme.

16. If at any time after the day on which a scheme has come into force such scheme is varied or revoked, any person who has incurred expenditure for the purpose of complying with such scheme shall be entitled to receive compensation from the municipal council in so far as, by reason of the variation or revocation of such scheme, such expenditure has ceased to be in any way beneficial to him.

Permission to be taken for construction, etc., after publication of draft scheme.

17. After the publication of a notification under section 10, sub-section (1) or section 12, no person shall erect, or proceed with, any building or work on, or enter into or carry out a contract in respect of, land within the area included in the scheme, unless he has applied for, and obtained, permission from the municipal council to do so:

Provided that, if the council omits for three months from the date of receipt of such application to communicate to the applicant any orders thereon, it shall be deemed to have granted the permission.

Obligation on owners to comply with scheme after sanction.

18. From the date of the notification of the Local Government sanctioning a scheme under section 14, all owners of lands and buildings in the area affected by the scheme who propose to construct or reconstruct or in any way alter or add to buildings shall conform in every particular with the requirements of such scheme; and no building shall be constructed or reconstructed in any area in which building is expressly forbidden in the scheme, or which is reserved in the scheme for any purpose incompatible with building.

Power of municipal executive to enforce scheme.

19. (1) On and after the day on which the scheme comes into force, the chairman may make a provisional order requiring an owner—

(*a*) to remove, pull down, or alter any building or other work in the area included in the scheme which is such as to contravene the scheme, or in the erection or carrying out of which any provision of the scheme has not been complied with; or

(*b*) to execute within a specified period any work which it is the owner's duty to execute under the scheme, where the chairman is of opinion that delay in the execution of the work would prejudice the efficient operation of the scheme.

(2) The chairman shall serve a copy of the provisional order made under sub-section (1) on the owner, together with a notice requiring him to show cause, within a reasonable time to be specified in such notice, why the order should not be confirmed.

(3) If the owner fails to show cause to the satisfaction of the chairman, the chairman may confirm the order and such order shall be binding on the owner and may be enforced, and the expenses of enforcement may be recovered by the means provided in the Madras City Municipal Act, 1919, or the Madras District Municipalities Act, 1920, as the case may be, for the enforcement of the lawful orders of municipal authorities and for the recovery of expenses thereby incurred. An appeal shall lie to the Local Government against the order of the chairman and their decision shall be final.

CHAPTER IV.

Compensation for Injurious Affection and Contribution for Betterment.

Right to compensation.

20. Any person whose property is injuriously affected by any refusal of the municipal council to grant the permission applied for under section 17 or by the making of a town-planning scheme shall, if he makes a claim for the purpose within the time (if any) limited by the scheme, not being less than three months after the date of publication of a notification by the Local Government sanctioning the scheme under section 14, be entitled to obtain compensation in respect thereof from the municipal council.

No right to compensation for building, etc., subsequent to first notification.

21. A person shall not be entitled to obtain compensation under section 20 on account of any building erected on, or contract made, or other thing done, with respect to, land included in a scheme, after the date of the publication of the notification under section 10, sub-section (1) or section 12:

Provided that this provision shall not apply to any building erected, contract made or other thing done in accordance with a permission granted under section 17.

Exclusion or limitation of compensation in certain cases.

22. (1) Where property is alleged to be injuriously affected by reason of any provisions contained in a town-planning scheme, no compensation shall be paid in respect thereof, if or in so far as the provisions are such as would have been enforceable without compensation under any law, rule or by-law at the time in force.

(2) Property shall not be deemed to be injuriously affected by reason of any provisions inserted in a scheme, which impose any conditions or restrictions in regard to any of the matters specified in section 4, clause (*m*) or clause (*n*).

(3) Where a person is entitled to compensation under this Act in respect of any matter or thing, and he would be entitled to compensation in respect of the same matter or thing under any other Act, he shall not be entitled to compensation in respect of that matter or thing under both the Acts, nor shall he be entitled to any larger compensation under this Act than he would be entitled to under the other Act.

Power to levy betterment contribution.

23. Where by the making of any town-planning scheme any property is increased in value, the municipal council, if it makes a claim for the purpose within the time (if any) limited by the scheme, not being later than six months after the date of publication of a notification of the Local Government sanctioning a scheme under section 14, shall be entitled to recover from the owner of such property an annual betterment contribution for such term of years and at such uniform percentage of the increase in value not exceeding ten per centum as may be fixed in the scheme:

Provided that the aggregate amount of the contributions so recovered shall not exceed one-half of the maximum increase in value during the aforesaid term of years as ascertained under the next following section.

Betterment contribution how calculated

24. The betterment contribution shall be levied according to the following principles:—

(*a*) In respect of each property on which the contribution may be levied under section 23, its market value at the date of the publication of the notification under section 10, sub-section (1) or section 12, shall be estimated without reference to the improvements contemplated in the scheme.

(*b*) In each of the financial years following that in which the scheme takes effect under section 14, sub-section (5), the market value of each such property on the first day of April of that year shall be estimated by the chairman.

(*c*) If, in any financial year, the market value estimated under clause (*b*) does not exceed that estimated under clause (*a*), no betterment contribution shall be levied for that year.

(*d*) If, in any financial year, the estimated market value under clause (*b*) exceeds that under clause (*a*), the municipal council shall levy on the difference a betterment contribution according to the percentage fixed in the scheme:

Provided that in estimating the market value of land under clause (*a*) or clause (*b*), the value of buildings or other works erected or in the course of erection on such land shall not be taken into consideration.

Assessment and collection of betterment contribution

25. (1) The betterment contribution shall be a first charge on the property on which it is due, subject to the prior payment of land revenue, if any, due to the Government thereon, and shall be paid in half-yearly instalments of one-half of the amount fixed for the year.

(2) (*a*) The Local Government may make rules for the assessment and collection of the betterment contribution, and subject to such rules, (i) the chairman shall have the same powers and shall adopt the same procedure for the assessment and collection of the betterment contribution as he has for the assessment and collection of the property tax, (ii) persons affected shall have the same right to receive notice of assessment and to object to the assessment and to appeal in respect thereof as they have in respect of the property tax, and (iii) decisions on appeal shall to the same extent be final and conclusive; and

(*b*) lands and buildings exempt from the property tax shall also be exempt from any betterment contribution.

Option of objecting owner to require council to acquire his property

26. (1) If the owner of any property, separately registered in the municipal assessment books and assessed to a betterment contribution in any particular year, objects to the amount of such contribution on the ground that the market value estimated under clause (*b*) of section 24 is excessive, he shall state the market value which, he contends, is correct, and may, within thirty days of the date on which the

determination of his objection or appeal becomes final, by written notice, require the municipal council to acquire the property together with any buildings or other works that may exist thereon.

(2) The council shall thereupon either acquire the property or accept the market value as stated by the owner and revise its assessment of the betterment contribution in accordance therewith.

(3) In case the council elects to acquire the property, the compensation payable therefor shall be determined according to the provisions of the Land Acquisition Act, 1894, as modified by Chapter VII of this Act:

Provided that the compensation payable for the property, apart from the buildings or other works thereon, shall not exceed the market value stated by the owner under sub-section (1).

CHAPTER V.

THE ARBITRATOR

Local Government to appoint arbitrator.

27. After a scheme has been sanctioned under section 14, the Local Government shall appoint an arbitrator with sufficient establishment whose duties shall be as hereinafter provided.

Duties of arbitrator.

28. In accordance with the prescribed procedure, the arbitrator shall—

(*a*) after giving notice in the prescribed manner pass such orders as may be required under clauses (*a*) to (*d*) of sub-section (2) of section 5;

(*b*) after giving notice in the prescribed manner define and, where it is, in his opinion, necessary, demarcate the reconstituted plots and the areas allotted to, or reserved for, the municipal council for the purposes mentioned in clause (*k*) of section 4;

(*c*) decide, in reference to the claims made before him, after giving notice in the prescribed manner, whether any property is injuriously affected within the meaning of section 20, and award the compensation, if any, to be paid to the owner concerned in accordance with the provisions contained in Chapter IV; and

(*d*) after giving notice in the prescribed manner, determine the properties which are liable to the betterment contribution under section 23, and estimate and record their market value at the date of the notification under section 10, sub-section (1), or section 12, as the case may be, in accordance with the provisions of section 24.

Decision of arbitrator final.

29. Every decision of the arbitrator under section 28 shall be final and binding on all persons.

CHAPTER VI.

FINANCE.

Municipal town planning fund.

30. (1) The receipts of a municipal council under this Act or any town-planning scheme made thereunder shall form a separate town-planning fund and all expenditure under this Act or any town-planning scheme thereunder shall be defrayed out of such fund. No portion of the fund shall, except with the sanction of the Local Government, be expended for purposes not provided for by this Act.

(2) The moneys required, in the first instance, to establish such fund, and any deficiency from time to time occurring in such fund by reason of the excess of expenditure over receipts shall, subject to such rules as the Local Government may frame in this behalf, be supplied out of the general municipal fund or out of moneys borrowed in pursuance of this Act.

(3) Separate accounts shall be maintained by each municipal council for its town-planning fund.

Power to borrow.

31. A municipal council, taking action under this Act, shall be deemed to be a local authority as defined in the Local Authorities Loans Act, 1914, for the purpose of borrowing money under the provisions of that Act, and the making and execution of a town-planning scheme shall be deemed to be a work which such local authority is legally authorized to carry out.

Provincial town planning fund.

32. (1) With a view to afford facilities to municipal councils for obtaining the funds they require for the purposes of this Act, the Local Government may constitute a Provincial town-planning fund.

(2) The moneys required in the first instance to establish such fund and any deficiency from time to time appearing therein by reason of the excess of disbursements over receipts shall be supplied out of provincial revenues or provincial borrowings.

(3) The Local Government may prescribe the terms and conditions on which loans may be given, or grants made, out of the Provincial Town-planning Fund, to any municipal council for the purpose of making or executing a town-planning scheme.

CHAPTER VII.

LAND ACQUISITION.

Modification of Land Acquisition Act.

33 Immovable property required for the purposes of a town-planning scheme shall be deemed to be land needed for a public purpose, within the meaning of the Land Acquisition Act, 1894, and may be acquired under the said Act modified in the manner provided in this chapter.

Notification under section 14 to have effect as declaration under section 6, Land Acquisition Act.

34 Notwithstanding anything in the Land Acquisition Act, 1894, a notification under section 14 shall operate in respect of any land required for the purposes of the scheme as a declaration under section 6 of the said Act, and no further declaration shall be necessary, but it shall not be incumbent on the Local Government, or officer authorized in that behalf, to take immediate steps for the acquisition of such land. Provided that if the land is not acquired within three years from the date of the notification, it shall cease to have effect as a declaration under section 6 of the Land Acquisition Act, 1894.

Sections 15, 23 and 24 of Land Acquisition Act superseded.

35. (1) The provisions of sections 15, 23 and 24 of the Land Acquisition Act, 1894, shall have no application to the acquisition of property for the purposes of this Act.

(2) In determining the amount of compensation to be awarded for land acquired under the said Act for such purposes the collector and the court shall take into consideration—

(*a*) the market value of the land at the date of publication of the notification under section 10, sub-section (1), or section 12, as the case may be;

(*b*) the damage sustained by the person interested by reason of the taking of any standing crops or trees which may be on the land at the time of the collector's taking possession thereof;

(*c*) the damage (if any) sustained by the person interested, at the time of the collector's taking possession of the land, by reason of severing such land from his other land or by reason of the acquisition injuriously affecting his other property movable or immovable in any other manner, or his earnings; provided that this clause shall not apply in the case of offensive industries, which must, under the provisions of the scheme, be removed;

(*d*) if, in consequence of the acquisition of the land, the person interested is compelled to change his residence or place of business, the reasonable expenses (if any) incidental to such change; provided that this clause shall not apply in the case of offensive industries, which must, under the provisions of the scheme, be removed.

(3) But the collector and the court shall not take into consideration—

(*a*) the degree of urgency which has led to the acquisition or its compulsory character;

(*b*) any disinclination of the person interested to part with the land acquired;

(*c*) any damage sustained by him, which, if caused by a private person, would not render such person liable to a suit;

(*d*) any damage which is likely to be caused to the land acquired, after the date of publication of the notification under section 10, sub-section (1), or section 12, as the case may be, by or in consequence of the use to which it will be put;

(*e*) any increase to the value of the land acquired likely to accrue from the use to which it will be put when acquired;

(*f*) any outlay or improvements on the land acquired commenced, made or effected after the date of publication of the notifications referred to in clause (*d*), unless they are covered by a permission obtained from the municipal council under section 17;

(*g*) any outlay or improvements on, or disposal of, the land acquired which, having regard to the time at which they were made and other circumstances, appear to have been commenced, made or effected with intent to obtain increased compensation;

(*h*) the special suitability or adaptability, if any, of the land for any purpose, if that purpose is one to which it could be applied only in pursuance of statutory powers or for which there is no market apart from the special needs of a particular purchaser or the requirements of a Government department or any local or public authority.

(4) If the market value of any land or building is specially high by reason of the use thereof in a manner which could be restrained by any court, or is contrary to law or public policy or is detrimental to the health of the inmates of the building or to the public health, the amount of the increased value due to such user shall be disregarded in determining the amount of compensation.

CHAPTER VIII.

MISCELLANEOUS.

Power of councils to make agreements

36. A municipal council shall be competent to make any agreement with any person in respect of any matter which is to be provided for in a town-planning scheme subject to the power of the Local Government to modify or disallow such agreement, and, unless it is otherwise expressly provided therein, such agreement shall take effect on and after the day on which the scheme comes into force:

Provided that if the agreement be modified by the Local Government, either party shall have the option of avoiding it if he so elects within the prescribed period.

Town-planning committee

37. Subject to such rules as the Local Government may make in this behalf, a municipal council may appoint a special town-planning committee composed either wholly of members of the municipal council, or partly of such members and partly of others; and may delegate to such committee power to dispose of, in relation to the scheme in question, matters of a specified nature which, under the provisions of this Act, are reserved for the decision of the council:

Provided that no person, other than a member of the council, shall be appointed to such committee unless such appointment is supported by not less than one-half of the sanctioned strength of the council:

Provided also that the number of persons who are appointed to any committee who are not members of the council shall not exceed one-third of the number of members of such committee.

Joint town-planning committee.

38.
